- **Hull Petition:**

A petition has been started in Hull. There was some discussion on the particulars related to the petition. Steve Smith stated that we need to determine where the planes are going and that this can be determined through a simulation or by asking the airlines to code in the waypoint above Hull. Sandra Kunz expressed that information on altitudes are necessary to allay people's concerns. Further discussion was had on procedures potentially impacting Hull, how to present the materials, and IC's evaluation of noise impacts on Hull.

There was some discussion on procedure simulations, including live testing and RAPT (Route Availability Planning Tool) testing. Gayle Lattrell will discuss live testing with Joe Davies.

- **Meeting Dates:**

Sandra Kunz asked whether meeting dates have been settled upon. J. Woodward stated that he is not ready and S. Smith stated that he is not prepared to set a date. R. Dormitzer asked whether more funding has been approved for S. Smith to complete a study.

- **Distribution Package:**

S. Smith discussed the distribution package in the context of R. Dormitzer's comments. It was decided that the Flash format would be used for the PC side of the package, INM tracks will be
